

Local Rules and Terms of the Competition for 2024 NJSGA Championships

NJSGA

The Rules of Golf as approved by the USGA and the R&A govern play. These Local Rules and Terms of the Competition are in effect at all NJSGA championships and qualifiers. Please refer to each competition's "Player Information Sheet" available on-line prior to the competition and the "Notice to Players" available on the starting tee(s) at each competition. Complete text of the Rules, and Model Local Rules (MLR) may be found in the Official Guide to the Rules of Golf effective January 2023. Local Rules on a club scorecard MUST be disregarded.

UNLESS OTHERWISE NOTED, THE PENALTY FOR BREACH OF A LOCAL RULE IS THE GENERAL PENALTY

LOCAL RULES

Out of Bounds — Defined by the line between the course-side points of white stakes and fence posts at ground level. Where walls define Out of Bounds the wall is a Boundary Object and a ball is considered Out of Bounds when it comes to rest beyond the wall. A ball which crosses any road defined as Out of Bounds and comes to rest beyond that road is Out of Bounds, even though it may lie on another part of the course.

Penalty Areas — When a Penalty Area is defined on only one side, it extends to infinity. When a Penalty Area is connected to the Out of Bounds edge, the Penalty Area extends to and coincides with that edge.

Relief on Opposite Side of Red Penalty Area — When the edge of a Red Penalty Area coincides with the boundary of the course, opposite side relief is available. MLR B-2.2 is in effect.

Fringe of Wrong Green — Wrong Greens are treated as including 1 club-length from the edge of a wrong green. MLR D-4.2 is in effect. Interference does not exist when the expanded area only interferes with the player's stance.

Aeration Holes — MLR E-4 is in effect.

Animal Near Ball — MLR E-13 is in effect.

White-Lined Areas Tying into Immovable Obstructions — White-lined areas connected to an Immovable Obstruction are part of a single Abnormal Course Condition when taking relief under Rule 16.1. (MLR F-3.1)

Ground Under Repair — Defined by white lines. French drains are ground under repair.

Ground Under Repair may include areas of unusual damage, including areas where vehicle traffic has combined with wet conditions to materially affect the ground surface, but only when so declared by an authorized member of the Committee. When immediately adjacent to an Immovable Obstruction, such an area is treated as a single Abnormal Course Condition when taking relief under Rule 16.1. (MLR F-3.2)

Landscaped Beds Completely Encircled by Immovable Obstruction — MLR F-3.3 is in effect.

Relief from Seams of Cut Turf — MLR F-7 is in effect.

Relief from Immovable Obstructions in Penalty Areas — Free Relief from interference by sprinkler heads or drains located within 1 club-length of the edge of a Penalty Area, is allowed under Rule 16.1. Such relief is available only when the ball lies in the Penalty Area, and the obstruction interferes with the lie of the ball or area of intended swing. MLR F-24 is in effect.

Integral Objects — Include stakes, wires and wrapping only when closely attached to trees; artificial walls and pilings when located in Penalty Areas and Bunkers; and bunker liners.

An exposed bunker liner may be treated as being Ground Under Repair, but interference does not exist if the liner only interferes with the player's stance.

Turf Nurseries — All turf nurseries are No Play Zones and treated as Ground Under Repair. Players MUST proceed under Rule 16.1.

TERMS OF THE COMPETITION

Scoring Area — The area designated by the Committee for players to return scorecards in stroke play and to approve match results in match play.

When Competition is Final — The competition is final when the trophy has been presented to the winner or, in the absence of a prize ceremony, when the Committee has approved all scores. The result of a match is final when the Committee has approved the result of that match.

Split Rail Fencing — The rails of a split rail fence are Immovable Obstructions, unless the fence itself is a Boundary Object, in which case free relief is not available.

Stakes, Wires and Cables affixed to trees — These objects attached to trees for support purposes (not the tree itself) are Immovable Obstructions. Relief is available under Rule 16.1.

Wood Chips and Mulch — Are Loose Impediments.

An immediate suspension will be signaled by one prolonged airhorn note or siren blast. All other types of suspension will be signaled by three consecutive airhorn notes. Resumption of play will be signaled by two short airhorn notes.

Caddies / Carts — Each competition has specific policies with respect to Caddies/ Carts. Refer to Player Information Sheet for details. In competitions where motorized transportation (i.e., a golf cart) is permitted, the player and the player's caddie are permitted to use a golf cart subject to the "one-seat" policy. Refer to separate document on-line or at the Starter's Table for complete details. **Spectator carts are NOT permitted.**

Scorecards — Upon conclusion of the round, a player must report immediately to the designated Scoring Area location to return their physical scorecard to the Committee, or if electronic scoring is permitted, to confirm and attest individual scores. The scorecard (physical or electronic) is considered "returned" when the player has left the Scoring Area location.

Missing Player or Marker Certification — MLR L.1 is in effect.

Playoffs and Ties — Competitors are responsible for keeping informed of the possibility of a playoff due to ties. The method for resolving ties will be posted on site at each event. **Those who are not present at "roll call" will be disqualified from the playoff.**

Score Posting — In individual Stroke Play competitions only, the NJSGA will post each player's score to their GHIN account according to the adjusted Course and Slope Ratings for that day's competition within 24 hours after it concludes.
